COUNTY COMM - GOVERNMENT PRODUCTS GROUP

NEW!

GP-5/SSB Gen3

The **CountyComm GP-5/SSB Gen 3** provides serious HF communications monitoring in a unique form factor and at a great price. The radio covers medium wave 520-1710 kHz, shortwave 1700-30000 kHz and stereo FM. Unlike most radios in this price category, the GP-5/SSB provides ***SSB*** reception. It has a unique Easy Tuning Mode (ETM) that scans all frequencies *without* consuming memory spaces. There are also 550 regular memories (100 AM, 100 FM, 250 shortwave and 100 for SSB) available. Another unique GP-5/SSB Gen 3 feature is its removable high sensitivity external LW/MW ferrite antenna that clearly enhances AM band reception. The GP-5/SSB Gen 3 employs DSP technology, improving clarity and tone quality. The radio can be powered by three AA batteries (not included). It also has a 5V mini-USB DC input jack. When using the USB jack, the radio can be used to charge the batteries (rechargeable AA batteries only). Includes: LW/MW bar antenna, stereo ear buds, pouch, belt clip, wire antenna and manual. This latest *Gen3* version adds: colored keys, stainless steel whip antenna, louder audio and longer run time.

Order #0906 **$89.95**

■ Free "Mini" Shortwave

Mini

Universal is offering a **FREE Eton Mini** with your purchase of a **Grundig Satellit, Field** or **Satellit 750** from Universal Radio! The **Eton Mini** receives AM, FM plus shortwave from 5.6-10 and 11.65-18 MHz. Includes: rich orange digital display, scanning, metal grill, clock-alarm, key lock and earphone jack. Requires two AAAs (not included). With carry pouch. Only 4.3 x 2.7 x 0.47". *#0184* **A $45.00 value!**
