

## ■ New Insulators

There is no doubt stringing a wire antenna *outside* of the house is better than *inside*. But that is not always possible. Restrictions increasingly force us to string wires in attics, crawl spaces, under eaves or even in closets. These 3.5" screw-in insulators make the job easier. In package of 4. **530 4-PAK** Order #6834 **\$3.95**
