

# etON FIELD BT

The **Eton Grundig Edition Field BT** keeps you in touch with the world wherever you are. It receives AM, FM and complete international shortwave coverage from 1.7 to 30 MHz. There is a built in digital clock timer. This radio features RDS - Radio Data System that enables FM broadcasters to deliver more than just an audio signal, but also to transmit alphanumeric data, like the station's call letters, style of music, song title, artist and more. It can even display the temperature. Plus, its wide-narrow bandwidth selection improves audio fidelity and minimizes noise. There is a Local/DX switch and battery status icon. Display brightness may be set to Low, Medium or High. Antenna jacks are provided for both MW or SW/FM antennas. Operates on four D cells (not included) or supplied AC adapter. 12.4 x 6.9 x 3 inches. This latest *BT* version adds Bluetooth® technology to allow you to wirelessly play your Bluetooth® music player, smartphone or other device through the radio!

**FIELD BT** Order #0096 \$129.95

Get a **FREE Eton Mini** AM, FM, shortwave pocket radio with your purchase of a **Field BT** or **Satellit 750** for a limited time. **A \$45.00 value!**

## Talk Is Cheap

## Too Many 6m Beams

I am not sure how, but we messed up. We ordered way too many big **Cushcraft A50 6S** yagi beams. This 6 element antenna is a strong choice for *serious* 6 meter enthusiasts. 20 foot boom, 11.36 dBi, 26 dB front-to-back ratio. List \$399.95. Normally \$349.95. **Now \$309.98** until gone. Showroom pickup \$299.42.

## New Insulators

There is no doubt stringing a wire antenna *outside* of the house is better than *inside*. But that is not always possible. Restrictions increasingly force us to string wires in attics, crawl spaces, under eaves or even in closets. These 3.5" screw-in insulators make the job easier. In package of 4. **530 4-PAK** Order #6834 \$3.95
